

WE CREATE SUSTAINABLE IMPACT.

Act Better Change for the Next Generation.

Air, water, and soil are critical elements for the survival of our kind. To this day, we face many issues concerning the climate crisis and strive to find significant solutions

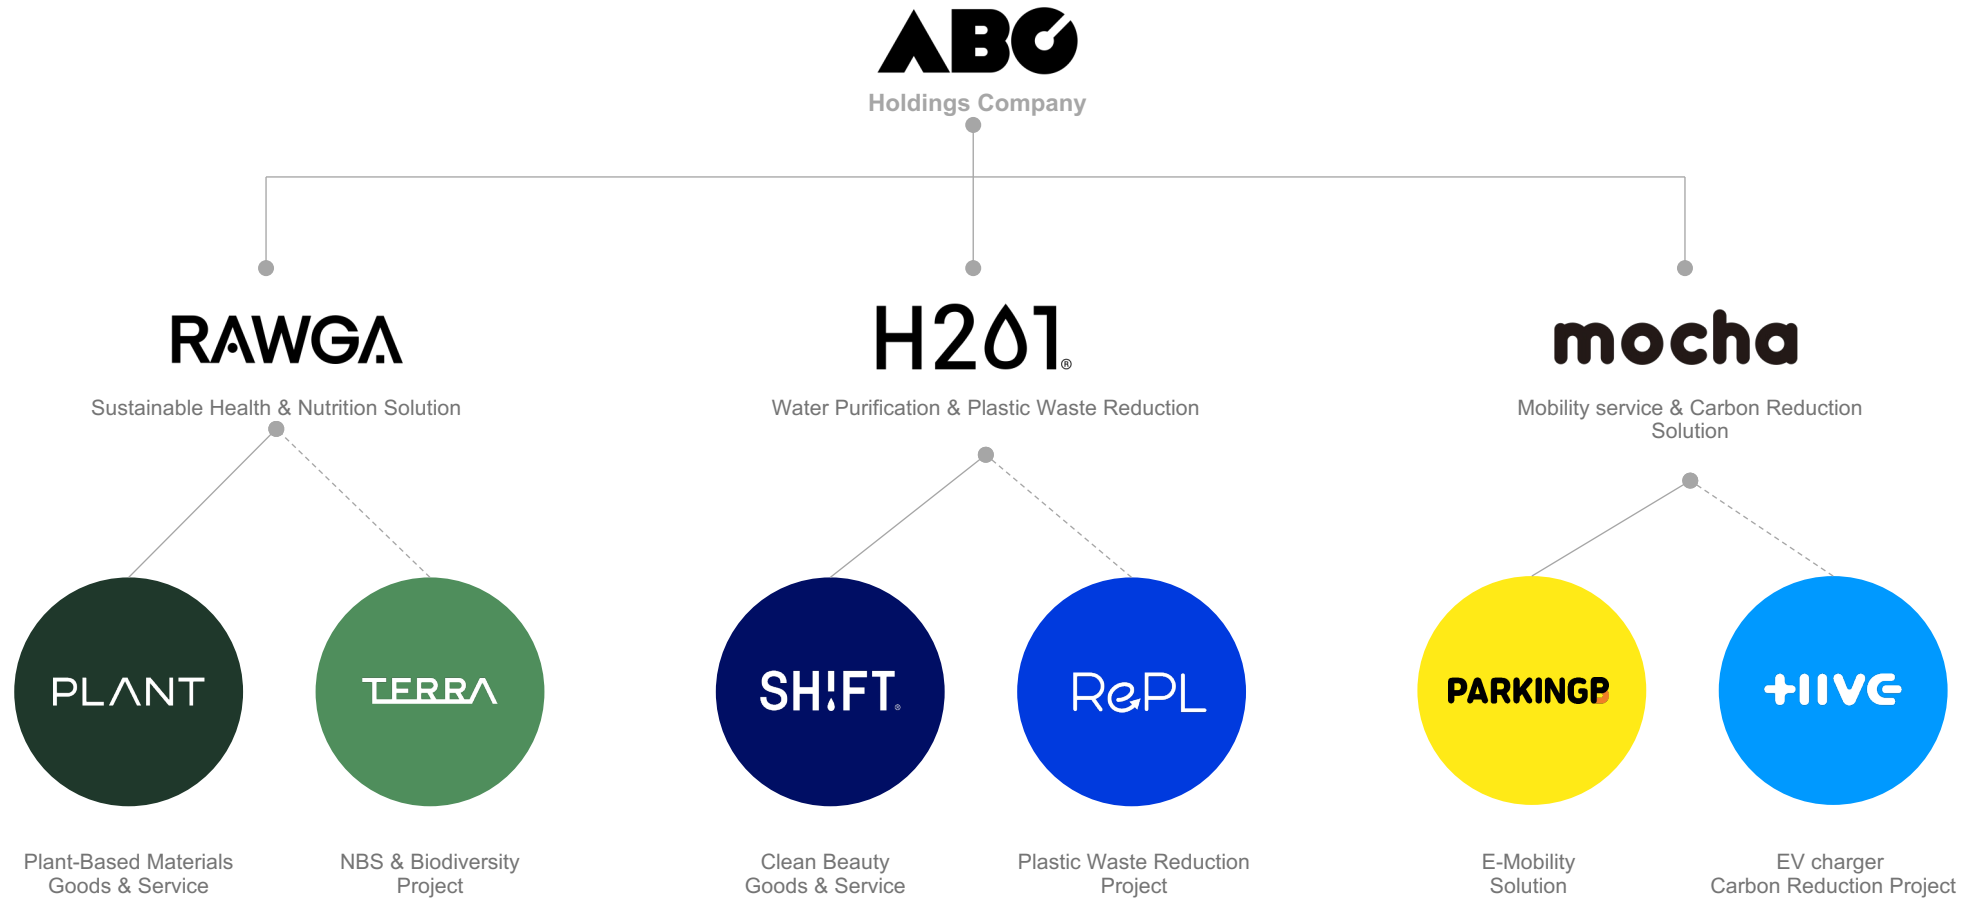

We aim to empower our green world and contribute to the sustainability of our planet. Our efforts and actions matter, and we believe the most effective way to approach the climate crisis is by working together

Our values lay a sustainable foundation for future generations. By embodying these values, we hope to create a ripple effect that motivates meaningful change

Join us in our journey towards sustainability at **ABC USA INC.**, where action for climate impact begins

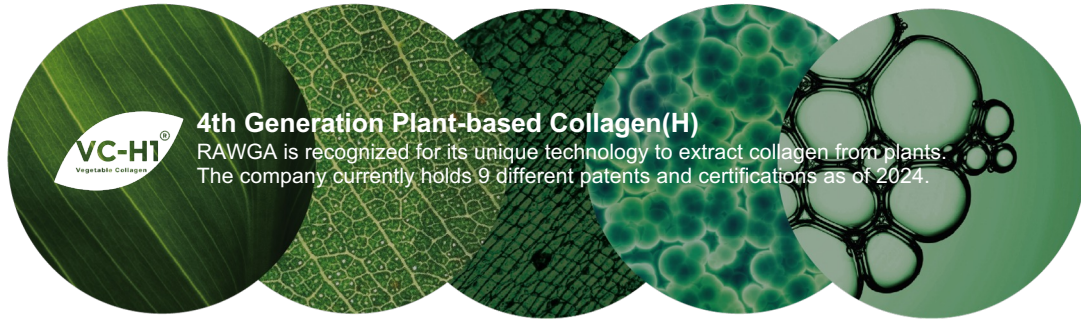

COMPANY ORGANIZATION STRUCTURE

RAWGA

SUSTAINABLE HEALTH & NUTRITION

RAWGA was created with the goal of replacing animal-based ingredients with plant-based ingredients and sustaining human health globally .

VC-HI[®]

Vegetable Collagen

4th Generation Plant-based Collagen(H)

RAWGA is recognized for its unique technology to extract collagen from plants. The company currently holds 9 different patents and certifications as of 2024.

Awards

Grand Prix for the first Korean ingredient, SIAL PARIS
Grand Prix for two categories, ANUGA SELECT JAPAN
Startup Innovation Challenge Finalist, Vitafoods Europe

B2B Partners

RAWGA shares positive values with a wide range of B2B partners.

ABC USA INC Act Better Change
for the Next Generation

PLANT

PLANT-BASED AND SUSTAINABLE INNER BEAUTY BRAND.

RAWGA aims to accelerate consumer satisfaction through plant-based collagen consumption. The company has proven its PLANT brand products to be biologically, chemically, and physically safe consumable products.

Vegan Collagen Products

- Kombucha - Powder type
- Biotin - Liquid type
- VitaminD - Jelly type
- Probiotics - Jelly type

NATURE-BASED SOLUTIONS (NBS)

NBS Projects

REDD+

Biodiversity

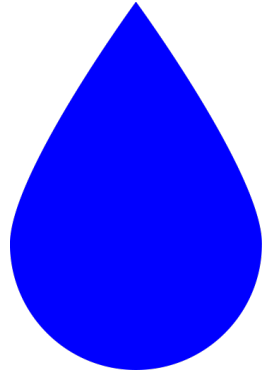

ARR Afforestation

RAWGA have plans to develop a new phase of NBS projects

The company cultivates 220 hectares (ha) of organic land in Laos, which is potentially available for a nature-based solution (NBS). We expect to contribute to carbon reduction with diverse NBS projects.

H2O1 WATER PURIFICATION

Providing skincare and aromatherapy customer experiences that embrace sustainable clean beauty, utilizing the world's leading 'Water-scented' technology, which harnesses the transformative power of water.

H2O1 plans to expand its business based on solutions addressing water and waste issues that directly impact human well-being

BLUEWATER PROJECT

H2O1's BLUEWATER Project provide water filter purifiers to those in need of clean water. H2O1 has donated to UNICEF Korea and the Sri Lanka Embassy, making efforts to contribute a total of 13,700 filters in 2022. We plan to further assist and support those suffering from polluted water globally.

SHIFT UNIQUE BATH EXPERIENCE

Therapy Shower Device

H2O1's SHIFT brand standard for water purification & body care is designed to provide an aromatherapy cleansing experience while improving healthy skin & hair care.

Aroma Therapy Vitamin Capsule

Infuse vitamin-rich formulas directly into your water stream with this easy capsule, perfect for SHIFT Shower Device.

PLASTIC WASTE REDUCTION PROGRAM

H2O1 has shifted towards a more sustainable approach to address the plastic waste crisis. The RePL program commenced in Indonesia achieving effective reduction of plastic waste through collection and recycling activity.

The RePL program will generate credible plastic credits (WCC&WRC), each credit equivalent to one metric ton (mt) of plastic waste collected or recycled. With the net profit earned from sales of plastic credits, H2O1 will re-invest into the local community for the enhancement of collection and recycling infrastructure.

Project currently listed in Verra's Plastic Program
Project ID: 4722

Verra Plastic Program Methodology

- PWRM0001 Collection
- PWRM0002 Recycling

Waste Recycled:

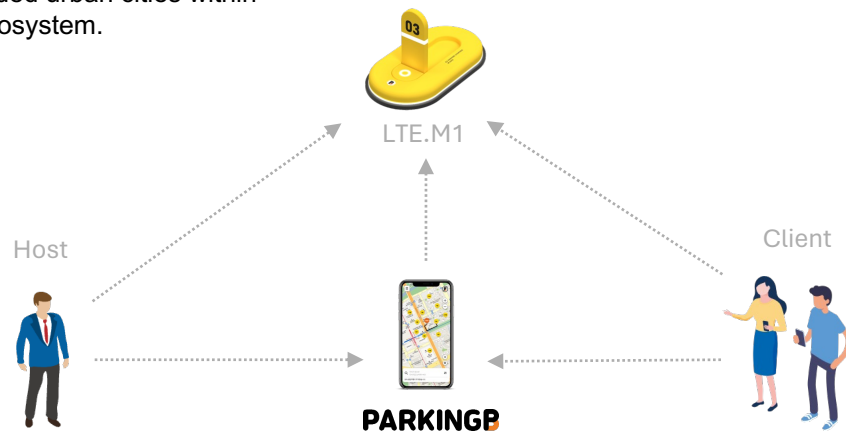

84,654 metric tons
(2016-2023)

ABC USA INC Act Better Change
for the Next Generation

Mocha Company's PARKING B system is designed to secure personal parking spaces and provide wireless EV charging services to its users.

PARKING B will offer customers a convenient experience in crowded urban cities within the PARKING B ecosystem.

Patent Certification

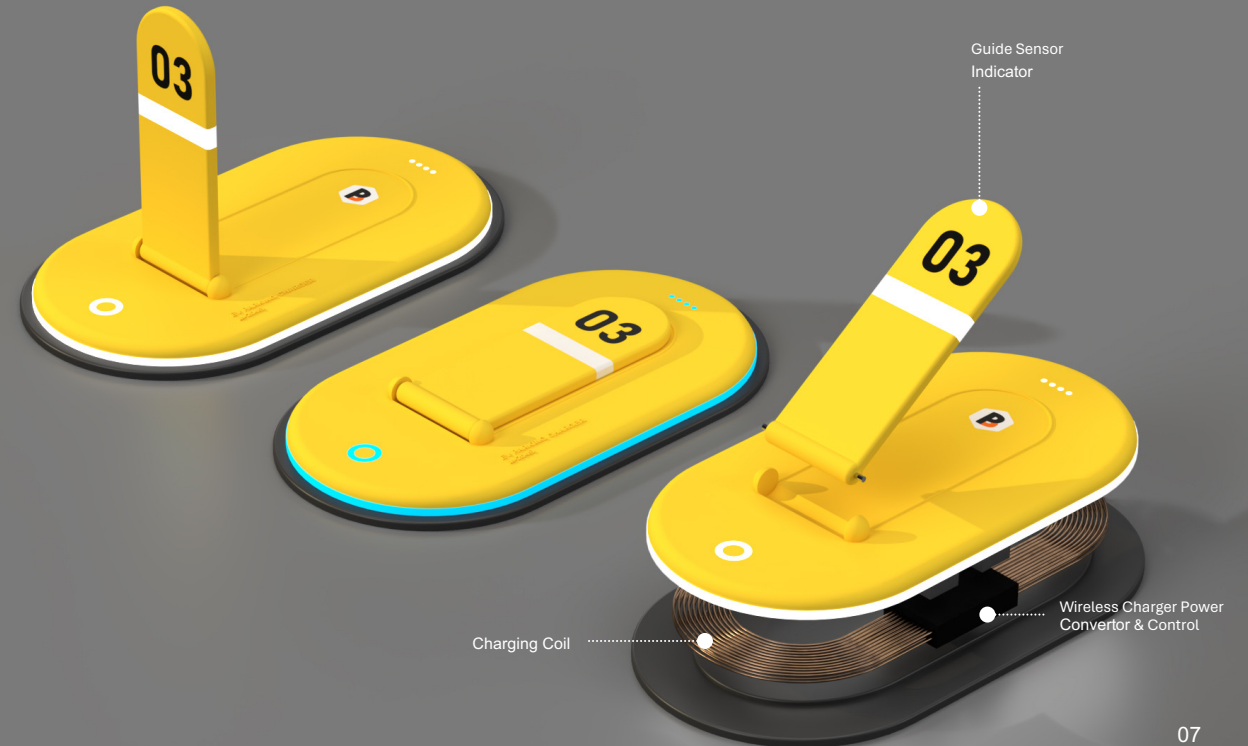

Mocha Company is the first to register a patent for EV Wireless Charging & Smart Parking System in South Korea.

The product design is to secure private parking spaces for individual PARKING B customers and provide wireless EV charging .

IoT PARKING LOCK with EV WIRELESS CHARGER

Wireless EV Charging / Guide Sensor for Self Parking / User Verification based on RSSI

**CHARGE TODAY,
SAVE TOMORROW**

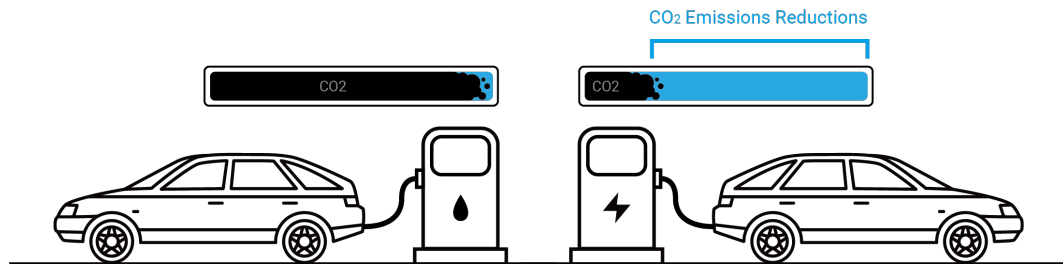

The HIVE EV Charging Project is currently listed in Verra's VCS Program
Project ID :4426

Verra VCS Program Methodology:

- VM0038 Methodology for EV Charging Systems

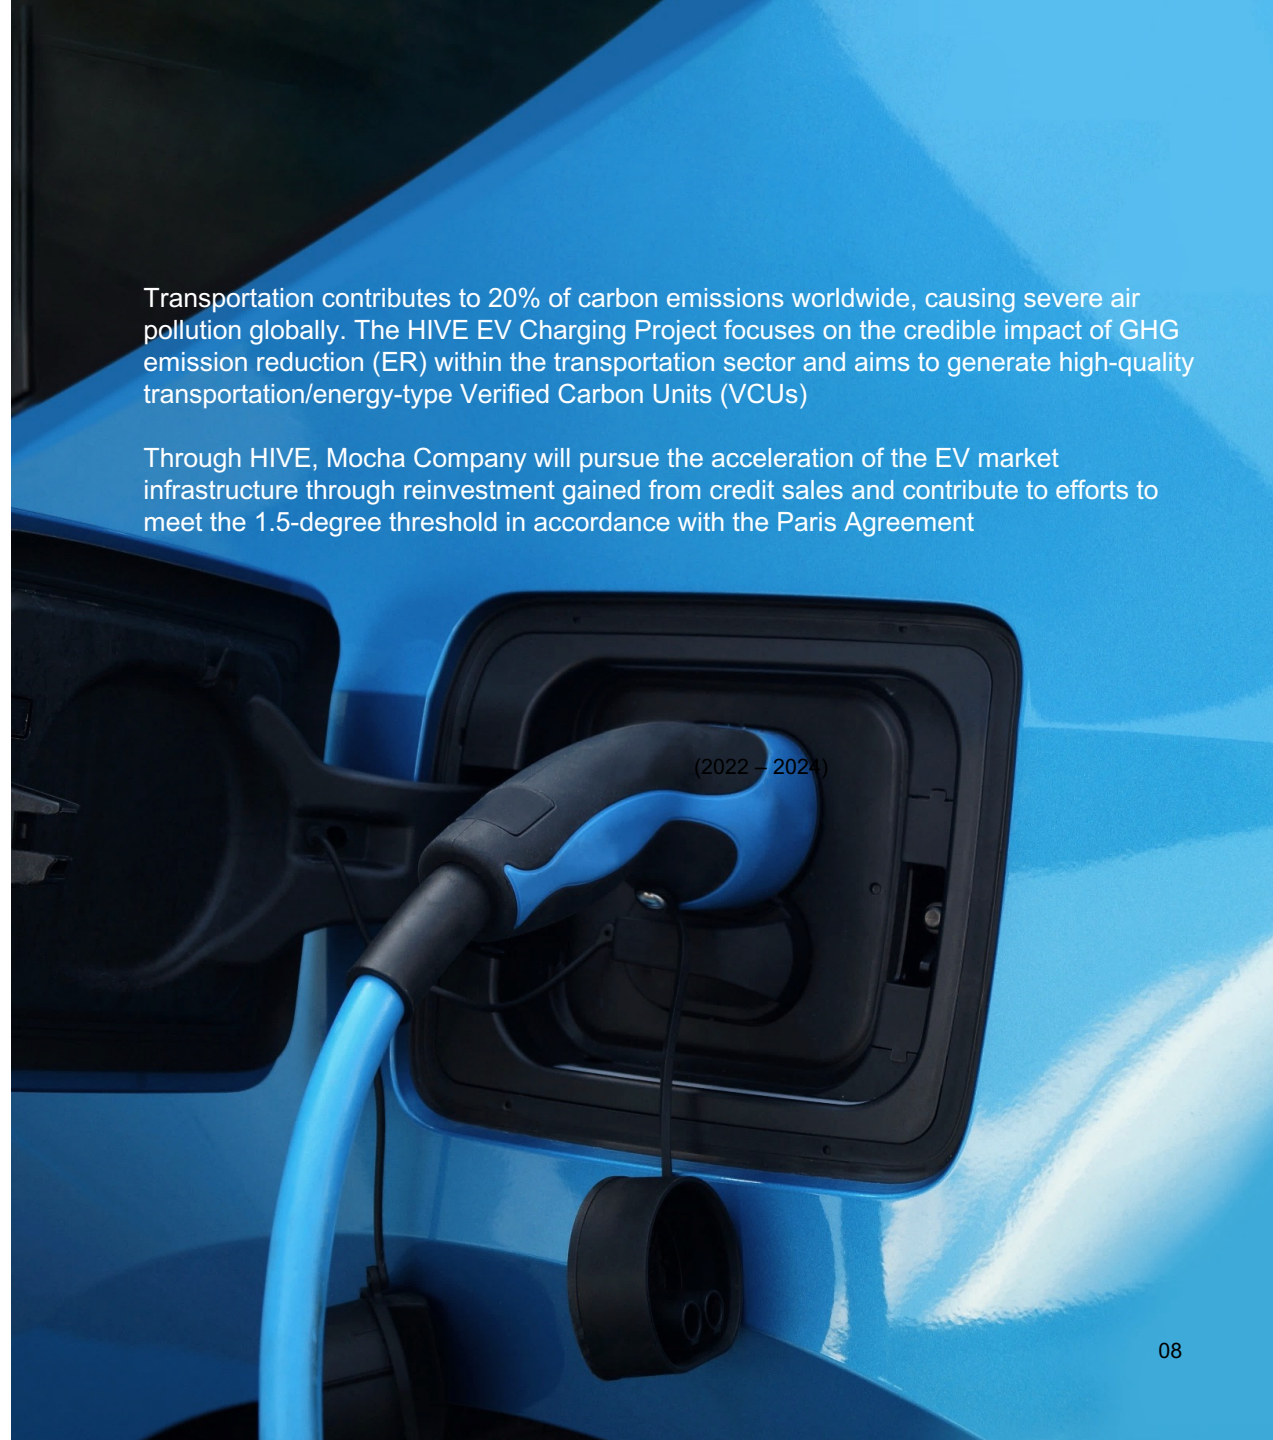

1st PAI Emission Reduction (ER) : 75,857 tCO₂e

The HIVE project achieves credible GHG emission reduction (ER) by comparing carbon emissions from EV charging activity with the baseline carbon emission from conventional fossil fuel vehicles.

Transportation contributes to 20% of carbon emissions worldwide, causing severe air pollution globally. The HIVE EV Charging Project focuses on the credible impact of GHG emission reduction (ER) within the transportation sector and aims to generate high-quality transportation/energy-type Verified Carbon Units (VCUs)

Through HIVE, Mocha Company will pursue the acceleration of the EV market infrastructure through reinvestment gained from credit sales and contribute to efforts to meet the 1.5-degree threshold in accordance with the Paris Agreement

CARBON CREDITS & PLASTIC CREDIT OUTLOOK

1,317,610 tCO2e
(10 year Total amount Estimation)

1st issuance by 2025 1Q
Verified Carbon Units (VCU)

Apr 2022

Mar 2032

10 year Crediting Period Fixed

84,654 mt
(1st crediting period)

1st issuance by 2024 3Q
Plastic Waste Recycled Credits (WRC)

Jul 2016

Jun 2037

7 year Crediting Period, 2 Times Renewable

COMPANY OVERVIEW

Profile

Company Name: **ABC USA Inc.**
Established: April 2023
Core Business: Climate Technology

Company Name: **RAWGA Inc.**
Established: 23 October 2020
Core Business: Sustainable Health & Nutritions

Company Name: **H2O1 Co. Ltd.**
Established: 05 September 2016
Core Business: Water Purification & Plastic Waste Reduction

Company Name: **Mocha Company Inc.**
Established: 28 January 2021
Core Business: E-Mobility & Carbon Reduction Solutions

History

2016

- **H2O1 Co. Ltd.**, Business Registration

2017

- **H2O1 Co. Ltd.**, Initiated H2O1 brand identity development
- **RAWGA Inc.**, Established organic farmland in Laos (200 ha)

2018

- **H2O1 Co. Ltd.**, Developed BLUEWATER Project

2019

- **H2O1 Co. Ltd.**, Launched premium brand SHIFT

2020

- **RAWGA Inc.**, Business Registration
- **RAWGA Inc.**, Initiated research development of plant-based collagen technology
- **H2O1 Co. Ltd.**, Donated to UNICEF Korea for water purification

2022

- **RAWGA.**, Sial Paris Grand Prix Winner (Raw Material Category)
- **H2O1 Co. Ltd.**, Launched SHIFT water purification vitamin capsule shower head filter
- **H2O1 Co. Ltd.**, Branch office in Jakarta, Indonesia
- **Mocha Company Inc.**, Received Certificate of Venture Enterprise

2023

- **ABC USA Inc.**, Holdings Company Business Registration
- **RAWGA Inc.**, Launched PLANT-based collagen health nutrition product
- **H2O1 Co. Ltd.**, Listed RePL Plastic Waste Reduction Program in Verra PWRS Program
- **Mocha Company Inc.**, Listed HIVE EV Charging Project in Verra VCS Program
- **Mocha Company Inc.**, Registered Patent for Wireless EV Charging & Parking Lot Smart Service Management System

2024

- **RAWGA Inc.**, Japan ANUGA SELECT 2024 Innovation Award Winner
- **RAWGA Inc.**, Finalist in VitaFood Startup Innovation Challenge
- **H2O1 Co. Ltd.**, Register RePL Plastic Waste Reduction Program in Verra PWRS Program
- **Mocha Company Inc.**, Register HIVE EV Charging Project in Verra VCS Program
